Sustainable Aviation Fuels
time for take-off

Ambroise Devresse

Ambroise Devresse studied Industrial Economics at TU Berlin. He worked in Strategy & Operations at the eFuel producer HIF Global before joining the German Energy Agency (dena), where he served as Expert for Hydrogen Derivatives. In this role, he advised the German Federal Ministry for Economic Affairs and Energy on hydrogen derivatives, hydrogen and its import strategies. Since January 2026, he has been Policy Officer with a focus on aviation at the efuel Alliance
